Experience

Graduate Research Assistant Sept. 2024 – Present
NOVA LINCS – Laboratory for Computer Science and Informatics *Lisbon, Portugal*

- Supervised by Prof. João Leite, we worked in the field of Explainable AI, investigating several characteristics of concept probing, with a focus on: (i) methods to pinpoint units that represent concepts; (ii) how the amount, quality, and origin of data affect probing; and (iii) methods to quantify the semantic alignment of a concept probe.

Volunteer

Volunteer Staff at the FLoC'26 July 2026
ISCTE - University Institute of Lisbon *Lisbon, Portugal*

- Member of the organizing staff for the 9th Federated Logic Conference, bringing together multiple conferences. Contributed to session coordination, Q&A facilitation, and general conference logistics in KR 2026 and CP 2026.

Volunteer Staff at EXPO FCT'23 April 2023
NOVA University Lisbon *Lisbon, Portugal*

- Helped organize, set up, and welcome high school students to the Department of Computer Science of NOVA FCT.

Awards
